Modified Academic Calendar for academic year 2020-21

Preamble:

The Comprehensive Academic Calendar for the academic year 2020-21 was notified by the university on 1st July 2020. According to the notified position in the said academic calendar, the Academic term was to begin on 1-07-2020 and end on 30-06 2021.

Due to the COVID 19 Global pandemic an unprecedented situation cropped up and due to the announcement of lockdown in the country, the students left the campus in third week of March 2020. There was no clarity as to when the academic activities can be resumed and the classes and conduct the summer 2020 and winter 2020 summative examinations can be undertaken. Due to the binding guidelines of the Apical councils the summative examinations for all the core faculties except the faculty of Pharmacy, Allied Sciences and Allied health sciences courses could not be conducted on an online proctored mode. The University took initiatives to save and compensate the lost academic time by taking various initiatives which were in tune with the UGC guidelines (Vide guidelines dated 29-04-2020). Thereby, all the faculties started online teaching. For all the batches of students under different faculties where promotional exams were due, entire residual portion of the syllabus was completed along with all the formative examinations availing technology and on an online mode. The summative examinations, even for the purposes promotion to the next level could not be conducted due to the lock down declared by the statutory authorities. The students of all the faculties except the faculty of Medicine were notionally promoted to the next level and their online classes for the next year (level) were started from 1st May 2020 considering the prevailing uncertainties. The university could save considerable time due to this initiative and the residual portion of syllabus for the batches due to appear for winter 2020 exam was also covered using online teaching modality. This initiative took care of the didactic teaching component but the skill training of the students could not be done availing the online mode.

The district administration gave permission to conduct the university examinations & starting hands on skill training for the students (vide letter Dated- 23-11-2020 & 8-12-2020) with all due care and precautions as stipulated in the guidelines prescribed by the UGC (vide guidelines dated 29-04-2020, 6-07-2020, 22-09-2020, 5-11-2020), Ministry of Home GOI, Apical councils. Thereby, the summer 2020 exams for the faculties of Dental sciences, Nursing sciences, Physiotherapy, and Ayurveda were conducted in Nov and Dec 2020 in phasic manner. The exams for the faculties of Pharmacy, allied sciences and allied health sciences were also completed either physically or on online proctored mode. The examinations of First, Second, Third and Final MBBS and Final Ayurveda are scheduled from Jan 2021 to March 2021.

In view of the model academic schedule notified by the NMC (Vide communication dated 12-11-2020, 25-11-2020 and 29-11-2020, DCI guidelines Dated-30-12-2020), Permission granted by the Distt. Collector Wardha for conducting skill training classes (vide letter dated 10th Nov 2020) and the differential cut off dates for UG admissions under various faculties as prescribed by the Statutory authorities. The new batch of students shall also be admitted at different times. Considering all these contingencies, it is decided that taking the notified academic calendar of the university as a basal document further suitable amendments are required to be done for notifying the modified academic calendar for the academic year 2020-21 for its implementation. Due care has been taken to incorporate all statutory guidelines, curricular requirements, schedule of formative examination so as to complete all these tasks at a matchable date without compromising the quality of T-L process. It is also ensured that all COVID safety guidelines prescribed by the statutory authorities are incorporated.

The university has taken abundant care in ensuring the completion of syllabi in shortest possible time without compromising quality and additional teaching hours have been carved out by extending the college timings, availing Sundays and Holidays and curtailing the vacations to ensure compensation of the accrued academic loss and to avoid academic spillage to next year in substantial manner.

The proposed modified academic time table for different faculties shall be as under:
